

## MOUNTING GUIDANCE

### PROTECTING COVER FOR CABLE HOOD / CABLE TO CABLE- & XXL-HOUSING VARIANTS A & C

- 1) Frame is recessed in the housing and has no additional coding  
→ The protecting cover can be used unmodified

- 2) Frame in housing is positioned elevated or mounted with additional coding  
→ The protecting cover has to be modified

By using a pincer or a screw driver with a wide slot, the guiding pins can be easily replaced.
